Kelly Trucking, Inc. our sister company, maintains a fleet of flatbeds and van trailers for local and long distance hauling. Please consider us for your freight requirements.

Products

Pallets - We specialize in volume construction of new and remanufactured pallets built to individualized customer specifications.

Landscape Mulch - We are proud to say we have mastered the production of landscape mulch in a variety of colors: Red, Gold, Natural, Dark Brown, Light Brown, Special Brown & Black. We believe we are the premier producer of landscape mulch and other by-products in Indiana.

Sawdust & Animal Bedding - Top quality by-Products used for a variety of your needs.

Services

24 Hour Emergency Service - We pride ourselves on being available around the clock to meet our customers needs.

Heat Treat / Dry Kiln - For all your export shipping requirements.

Inventory Management - Perfect option for those customers with limited space and time sensitive needs.

Full Service Delivery - NCP has a sister company named Kelly Trucking, Inc. whose sole purpose is to deliver our Products on time all the time.

Repair & Reconditioning - Great way to save money. We pick up your old pallets and replace boards & stringers to make them useable again.

Scrap Removal - We can save you space and money. In some cases we can spot a trailer for convenient loading.

Easy Ordering - We provide many ways to order. Fax, Phone, E-mail or On-Line through our web site: www.ncpallets.com.

Pallet Design System - We can help you make the best decision on what pallet works best for you, using a state of the art, smart pallet design system.

Small Miracles - We are here for you. You can depend on our service and our reputation for delivering quality and, when necessary, we can usually do the seemingly impossible.

Color Coding - Very popular for companies with several sizes of pallets.

Trailer Spotting - A service that runs hand and hand with our recycling program. In large volume situations we can spot a trailer on your property for you to place all your wood waste into - once full, give us a call and we will pick up the full trailer and leave an empty one.

Recycling & Disposal - Huge benefit to our customers. Do you have pallets piling up that you don't know what to do with! We can help you save time and money.
